Texas A&M University
Faculty Handbook
2015 - 2016
August 1, 2015

To the New Faculty at Texas A&M University:

Welcome to Texas A&M! You (and I) have arrived at an exciting time in the university’s history.

By virtually every measure, Texas A&M is efficient, effective, a great value and world class. We are truly one of the nation’s great, public, land-grant institutions, a status we are going to make sure the entire world knows about. Equally exciting, we are well poised to reach the next level of growth and development.

We can get there only to the extent that we can attract and retain a world-class faculty—each of you. The quality of our students and administrators is a reflection of the quality of our faculty.

With your help, we can continue our progress and even increase our momentum toward our goal. I look forward to getting to know you and working with you, and I thank you for choosing to join the faculty at Texas A&M.

Michael K. Young
President
Welcome to Texas A&M University!

As a new or current faculty member at Texas A&M University, you will want to learn about the opportunities, benefits, and services available, as well as the responsibilities and policies that affect you. This handbook, which is available online at http://dof.tamu.edu, is designed to be a broad guide rather than a comprehensive in-depth manual.

I hope you will review this handbook and keep it available for future reference. You will find information about professional development opportunities, appointment and advancement, classroom responsibilities, university awards and recognitions, and a great deal more.

Because information can change quickly, I would like to call your attention to two important resources: the Office of the Dean of Faculties website (http://dof.tamu.edu) and the University Rules website (http://rules.tamu.edu). Either source will have updated information for you.

The information in this handbook does not replace or override information and policies provided in The Texas A&M University System policies and regulations, the university rules or standard administrative procedures (SAPS), so please refer to these if you have questions, or call the Office of the Dean of Faculties for further information.

Given the size of our university and the range of opportunities available, it is impossible for a handbook to address every question you might be likely to ask. If I, or any member of my staff, can assist you, simply call our office at (979) 845-4274 or contact us by email at dof@tamu.edu.

Again, welcome to Texas A&M University. We are glad you're here!

Blanca M. Lupiani, Ph.D.
Interim Dean of Faculties and Associate Provost

1126 TAMU
College Station, TX 77843-1126

The mission of The Texas A&M University System is to provide education, conduct research, commercialize technology, offer training and deliver services for the people of Texas and beyond through its universities and state agencies.

The Texas A&M System is made up of 11 universities with Texas A&M University in College Station serving as the flagship campus of the system and the main campus for the branch campuses at Galveston, Texas, and Doha, Qatar.

The other 10 system universities are:

- Prairie View A&M University
- Tarleton State University (Stephenville)
- Texas A&M International University (Laredo)
- Texas A&M University-Corpus Christi
- Texas A&M University-Kingsville
- West Texas A&M University (Canyon)
- Texas A&M University-Commerce
- Texas A&M University-Texarkana
- Texas A&M University-Central Texas (Killeen)
- Texas A&M University-San Antonio

The Texas A&M System also includes seven state agencies and two service units:

- Texas A&M AgriLife Research
- Texas A&M Engineering Extension Service
- Texas A&M Forest Service
- Texas A&M AgriLife Extension Service
- Texas A&M Engineering Experiment Station
- Texas A&M Veterinary Medical Diagnostic Laboratory
- Texas A&M Transportation Institute

Texas A&M is one of the top-funded research universities in the United States. Main-campus enrollment in fall 2014 was over 56,500 students.

A Brief History of Texas A&M University

Established in 1876 as the Agricultural and Mechanical College of Texas (the name was changed to Texas A&M University in 1963), Texas A&M now holds land-grant, sea-grant and space-grant designations. The original land-grant designation included a mandatory military component; A&M was an all-male military institution with mandatory enrollment in the Corps of Cadets until 1965 when military training and Corps participation became optional. In 1963, women were officially admitted on a limited basis, and in 1971 were admitted on an equal-status basis with men.

Governance and Administration

Governance of Texas A&M University resides with the Board of Regents, the chancellor, the president and designated officers. The Board of Regents is the governing body for the Texas A&M System. The chancellor oversees the entire A&M System, reviews guidelines and makes recommendations to the Board of Regents. The board delegates operational control of Texas A&M University to the president, who follows board policies and procedures. In turn, the president delegates certain authority to other officers of the university.

The Faculty Senate is an elected body of faculty members that reports to and advises the president of Texas A&M. The Senate plays an influential role in its governance by recommending policy, providing advice, facilitating discussion and disseminating information to the academic community. The Faculty Senate holds general elections in the spring semester of each academic year, at which time nomination information
is distributed to all faculty members. Individuals must be at the rank of lecturer or above to qualify for nomination. For more information visit the Faculty Senate website (facultysenate.tamu.edu).

Academic Units

The faculty of Texas A&M University work in one of 18 units that include 16 academic colleges and schools and the university libraries (each of which is headed by a dean), and two branch campuses at Galveston and Qatar:

- College of Agriculture and Life Sciences
- College of Architecture
- College of Education and Human Development
- College of Geosciences
- College of Liberal Arts
- College of Science
- College of Veterinary Medicine & Biomedical Sciences
- Dwight Look College of Engineering
- George Bush School of Government and Public Service
- Mays Business School
- School of Law
- Texas A&M Health Science Center
  - College of Medicine
  - College of Nursing
  - Rangel College of Pharmacy
  - School of Public Health
  - Baylor College of Dentistry
  - Institute of Biosciences and Technology
- Texas A&M University Libraries
- Texas A&M University at Galveston
- Texas A&M University at Qatar

For links to all the colleges and departments at Texas A&M, go to tamu.edu/about/departments.html.

Academic Convocation

Following a hiatus of 22 years, Texas A&M University re-established the practice of academic convocation in 1997. Since then, the Texas A&M faculty has gathered at the start of every academic year to celebrate accomplishments.

In academia, the word “convocation” refers to a ceremonial assembly of the members of a college or university. Traditionally, academic convocations celebrate special events such as the beginning of the academic year or the anniversary of an institution.

For further information, please visit the convocation website (convocation.tamu.edu).

Faculty Responsibilities

The notion of academic freedom is linked to the equally demanding concept of academic ethics and responsibility. As a faculty member, a person assumes certain ethical obligations and responsibilities to students, to fellow faculty members, to their institution, to their profession and to the greater society outside the confines of the university.

Statement on Academic Freedom

Taken from University Rule 12.01.99.M2 “Statement on Academic Freedom, Responsibility, Tenure and Promotion”:

"... it is essential that faculty members be free to pursue scholarly inquiry without undue restriction, and to voice and publish individual conclusions concerning the significance of evidence that they consider relevant. Each faculty member must be free from the corrosive fear that others inside or outside the University community, because their views may differ, may threaten his or her professional career or the material benefits accruing from it."

Each faculty member is entitled to full freedom in the classroom in discussing the subject being taught. Within the bounds of professional behavior, faculty members also have full freedom to express disagreement with other members of the university community. Although a faculty member observes the regulations of the institution, he or she maintains the right to criticize and seek revision. Faculty members also are citizens of the nation, state and community; therefore, when speaking, writing or acting outside the classroom, they must be free from institutional censorship or discipline. On such occasions, faculty members should make it clear that they are not speaking for the institution.

Appointment and Advancement

All faculty members receive an appointment letter that contains the initial terms and conditions of employment. If the appointment is tenure-accruing, the letter also indicates the length of the probationary period. The probationary period does not constitute the term of the initial appointment. All appointments during the probationary period are for a fixed term of one year or less, subject to renewal or non-renewal each year of the probationary period.

Annual Review

An annual review will be conducted in a timely fashion for all faculty members regardless of rank. The purpose of the annual review is to evaluate performance and provide feedback, as well as to increase transparency and facilitate understanding between administrators and faculty with regard to expectations and accomplishments.
The focus of the annual review process will be on performance, but the nature and purpose of the review will likely vary as a function of the faculty title and rank. For non-tenure track faculty, the annual review will focus on performance and potential for continued appointment, with performance being evaluated in alignment with what is stated in the faculty member’s appointment or reappointment letter. Annual reviews also serve as the basis for merit-raise decisions.

For tenure-track faculty, the annual review will focus on progress in a long-term scholarly career, with the review taking into consideration the different expectations and markers for success for the particular stages in their careers. For non-tenured, tenure-track assistant professors and instructors, as well as associate professors with tenure, the annual review must also provide feedback regarding progress toward tenure and/or promotion. For full and distinguished professors, the annual review must include an indication of the extent to which performance continues to meet the achievement expectations for rank.

The department head will provide the faculty member with a written annual review. A conference between the faculty member and the department head can be requested by either the department head or the faculty member.

For more information about the annual review or mid-term review process, refer to University Rule 12.01.99.M2 “University Statement on Academic Freedom, Responsibility, Tenure, and Promotion,” section 2.5 (rules.saps.tamu.edu/PDFs/12.01.99.M2.pdf). In addition, the Office of the Dean of Faculties posts university, college and department guidelines for annual and mid-term review at dof.tamu.edu/Faculty-Resources/CURRENT-FACULTY/Annual-Midterm-and-Post-tenure-Review-guidelines.

**Tenure and Promotion**

Tenure is based on the need to protect academic freedom and is irrevocable except as specified in University Rule 12.01.99.M2 “University Statement on Academic Freedom, Responsibility, Tenure, and Promotion” (rules.saps.tamu.edu/PDFs/12.01.99.M2.pdf).

If a faculty member’s appointment is tenure-accruing, the appointment letter will indicate the length of probation and state whether any credit toward tenure and promotion is recognized for appropriate service at other institutions. Faculty members are given a probationary period of up to seven years and will undergo a mid-term review about two years before their scheduled mandatory review year. The mandatory review occurs during the penultimate year of the probationary period regardless of the length of the probationary period. This would normally be during the sixth year of a seven year probationary period.

The three categories of performance that are examined for tenure and promotion are:

- **Teaching:** In addition to regular classroom and laboratory instruction, teaching evaluations may consider the development of new courses, labs and teaching methods, publication of instructional materials, supervision of graduate students and other didactic, student-oriented scholarly activities.

- **Research/Scholarship:** Includes achievements in the creation and dissemination (publication) of new knowledge, or other creative activities or products resulting from creative activities.

- **Service/Engagement:** Includes service given to the institution, (students, colleagues, the department, the college and the university) and the profession, as well as engagement with the community in the role of officer of the university.

Further details on the tenure and promotion process can be found in department and/or college guidelines, and by referencing the “Tenure and Promotion Package Submission Guidelines” published by the Office of the Dean of Faculties (dof.tamu.edu/dof/media/PITO-DOF/Documents/Guidelines/promotion_and_tenure/tamu_pt_guidelines.pdf) and University Rule 12.01.99.M2 “University Statement on Academic Freedom, Responsibility, Tenure, and Promotion” (rules.saps.tamu.edu/PDFs/12.01.99.M2.pdf).

**Post-Tenure Review**

The rigor of the hiring and review process, the demands of quality teaching and student advising, the necessity and value of research and other creative endeavors, and the obligations of service to the public are clearly understood within the
university community. The annual post-tenure performance review of a faculty member provides a mechanism to measure the productivity of the individual and should be designed to encourage a high level of sustained performance. Post-tenure evaluations are made on the basis of performance output in teaching, research/creative activities, student advising, committee and administrative service, and service to the profession, community, state or nation. At least every sixth year the post-tenure review must include a peer-evaluation component.

For more information, see University SAP 12.06.99.M0.01 “Post-Tenure Review” (rules-saps.tamu.edu/PDFs/12.06.99.M0.01.pdf).

New Faculty Information

Required Training for Employees

In accordance with Texas A&M System Regulation 33.05.02 “Required Employee Training” (policies.tamus.edu/33-05-02.pdf), all Texas A&M employees are required to take the courses listed below within 30 days of hire:

- Orientation to the A&M System
- Creating a Discrimination Free Workplace/Equal Employment Opportunities
- Ethics
- Reporting Fraud, Waste and Abuse
- Information Security Awareness

In addition, employees must retake training at designated time intervals as follows: Information Security Awareness (annually); Ethics and Creating a Discrimination Free Workplace/EOO (every two years); and Reporting Fraud, Waste and Abuse (every four years). All training is available online via TrainTraq. Visit the Employee and Organizational Development website (codinfo.tamu.edu) for links and instructions.

Faculty/Staff ID

All Texas A&M employees are required to have a valid university identification card. This card not only indicates that you are a member of the faculty, but can also be used as a general ID on campus, for example, when checking out library materials. To obtain an ID card, see the administrative contact person in your department who can provide you with a Faculty/Staff ID Form signed by your department head. Once you have this form, you may take it along with government photo identification to the Aggie Card Office in the General Services Complex to have your photograph taken and your ID made. Please be prepared to pay a fee if the department has not supplied an account number for billing on the form. Tip: A faculty ID can also be used for discounts on certain purchases including select insurance companies, cell phone plan carriers and other retailers.

New Faculty Orientation

Before the start of each fall semester, the Office of the Dean of Faculties hosts a New Faculty Orientation with informational sessions and welcome events for new faculty. These sessions provide information about tenure and promotion, research support, mentoring, graduate education, the Texas A&M culture, student demographics, faculty support organizations and effective classroom management. For more information, contact the Office of the Dean of Faculties at (979) 845-4274 or go to the website (dof.tamu.edu).

Universal Identification Numbers

Universal Identification Numbers (UIN) are assigned to every student and employee, and are used on official forms and documents (including the ID card) instead of a social security number. Your UIN will appear on any documentation you receive from Payroll Services. Among other things, the UIN is used to log into Single Sign-On to access HR Connect and LeaveTraq (used by employees to track and request vacation or sick leave hours). More information can be found at the Single Sign-On website (sso.tamus.edu). If you do not know your UIN, contact your departmental HR Liaison. Each student’s UIN will appear on official class rosters; however, UINs should never be used as a means to post grades publicly.

Human Resources

To locate a service or to obtain contact information, please visit Human Resources’ main website (employees.tamu.edu).

Benefits

Employees who are budgeted by name for 50 percent effort for at least 4 1/2 consecutive months are eligible, along with their eligible dependents, to participate in the group benefits program of The Texas A&M University System. New employees are eligible to begin receiving a monthly employer contribution toward their insurance premiums the first of the month after the 60th day of employment. The amount of the employer contribution is determined by the funding and percent effort for the position along with the level of coverage selected.

New benefits-eligible employees are also automatically enrolled in the Teacher Retirement System of Texas (TRS) on the first day of work. If an employee is in a position eligible for the Optional Retirement Program (ORP), the employee may make a one-time irrevocable election within 90 days of eligibility to enroll in the ORP instead of TRS. Each employee is granted only one 90-day period to elect ORP during their entire career in Texas public higher education. Therefore, an employee who has participated in ORP through previous employment with a Texas state institution of higher education must continue participating in ORP and an employee electing to remain in TRS when initially offered ORP eligibility must remain with
Additional detailed information will be provided to employees eligible to participate in ORP.

In addition to participation in the mandated retirement program, employees have the opportunity to increase retirement savings by participating in voluntary retirement programs offered through a Tax Deferred Account (403b) and a Deferred Compensation Plan (457 plan).

For more information regarding the insurance plans, premiums and retirement programs, go to the HR website (employees.tamu.edu) and click on “Benefits.”

**Employee Assistance Program**

The Employee Assistance Program (EAP) is a confidential counseling service provided to faculty, staff and benefits-eligible dependents who may be experiencing personal or work place concerns. The EAP is a benefit available without a direct cost to employees or benefits-eligible dependents. Appointments can be scheduled by calling (979) 845-3711, Monday–Friday, 8 a.m. to 5 p.m., and employees may attend counseling sessions utilizing university business leave. They are located off campus at 3608 E. 29th Street, Suite 101, Executive Plaza, Bryan, Texas. Counseling sessions are available for problems that can be resolved in a short period of time and generally last from 1-10 sessions. If additional counseling is needed, the EAP psychologists provide referral information so that clients can access services through their health plan or via community resources. Professional and personal development workshops are also available and are offered through Employee & Organizational Development. Workshop topics include stress management, efficiency and procrastination, alcohol and drugs in the workplace, and conflict management.

The EAP also manages the Prevention of Workplace Violence Program and Alcohol and Drug Abuse and Rehabilitation Program. Visit the HR website (employees.tamu.edu) and click on “Employee Assistance Program” under the HR Units tab for more information.

**Employee Training**

Employee & Organizational Development (EOD) offers employees a variety of workshops, programs and consulting services designed to enhance the professional growth and effectiveness of employees and workgroups. EOD also provides online tutorials, resources for new employees and a range of workshops to fit needs of all Texas A&M employees.

Information on programs and schedules of classes can be found on the EOD website (eodinfo.tamu.edu).

**Holidays**

State holidays are set by the Texas Legislature. Each year state employees have between 12 and 15 holidays. The holiday schedule for Texas A&M University is recommended by the chancellor and approved by the Board of Regents. The following is a list of holidays when Texas A&M will be closed for Academic Year 2015-2016:

- Thanksgiving: Nov. 26–27, 2015
- Martin Luther King Jr. Day: Jan. 18, 2016
- Spring Break: March 17–18, 2016
- Memorial Day: May 30, 2016
- Independence Day: July 4, 2016

The governor of Texas may also declare special holidays, which are then communicated to the campus community by the Office of the President. The Human Resources website shows the scheduled dates for official employee holidays during the academic year (employees.tamu.edu/benefits/leave/holidays).

**HRConnect**

HRConnect is an online system that is available 24 hours a day. HRConnect allows you to:

- View and print pay stubs
- Update banking preferences
- Update W-2 information
- Review your benefits summary and costs
- Update personal information (mailing address, telephone and email address)
- Update insurance beneficiaries

The login screen for HRConnect can be accessed through the Single Sign-On (SSO) site (sso.tamus.edu). You will need your Universal Identification Number (UIN) to log in.

**Sick Leave**

A faculty member who is budgeted by name for 50 percent or more time for at least 4½ months is eligible to accrue and use sick leave. A faculty member may accrue and use sick leave as per System Regulation 31.03.02 “Sick Leave” (policies.tamus.edu/31-03-02.pdf).

**Vacation**

Faculty members at academic institutions are typically appointed on less than a 12-month basis. A faculty member with less than a 12-month appointment does not accrue vacation, but may take off during university holidays and student recesses. A faculty member may also be employed for additional months during the summer to teach or do research, but is still considered to have less than a 12-month appointment, unless official action is taken to change the appointment to a 12-month basis and to start to accrue vacation.

Any faculty member with a less than 12-month appointment may take time off during scheduled university holidays or on
days when no classes are meeting at the university (including reading days, spring break and inter-semester days when the university is open but classes do not meet), without an obligation to request or report the leave. Faculty members eligible to accrue vacation leave are required to request approval to utilize accrued vacation leave whenever the vacation days requested occur during days when the university is open for normal business. See System Regulation 31.03.01 “Vacation” (policies.tamus.edu/31-03-01.pdf) and University Guidelines “Faculty Members’ Paid Time Off” (dof.tamu.edu/dof/media/PITO-DOF/Documents/Vacation%20and%20Leave/Faculty-Members-Personal-Time-Off-DEC-17.pdf).

Classroom & Syllabus Requirements

Office Hours

A faculty member is expected to be available to students outside of class for consultations on course work, the student’s progress in the course and to answer questions. Office hours should be posted online. Each faculty member should be available at a central location on campus (such as a departmental office or the library) during those posted times. Office hours occur during normal business hours (8 a.m. to 5 p.m., Monday–Friday). Your department will advise you on the minimum number of office hours that you should hold, as well as any other guidelines related to consultations with students outside of class.

Syllabus Requirements

It is the responsibility of the faculty member teaching a course to distribute to students, at the beginning of each semester, the course syllabus and requirements. The syllabus must be posted online in the Howdy portal. A list of the minimum requirements to be included on any course syllabus can be found at (registrar.tamu.edu/Our-Services/Curricular-Services/Curricular-Approvals/Course-Approvals#1-MinimumSyllabusRequirements).

In addition to the minimum requirements, you may provide additional information on your syllabus, including your policies on attendance, etc. However, no statement on a syllabus may contradict university rules regarding attendance, approved absence, etc. For more information please refer to the student rules regarding academics (student-rules.tamu.edu). The Center for Teaching Excellence also offers assistance with syllabus preparation (cte.tamu.edu).

Online Syllabus & Curriculum Vitae

Texas HB 2504 (now TEC 51.974) requires the university to provide the following information online for undergraduate courses within a week of the first class day of the fall semester: 1) curriculum vitae (CV) for each instructor of record; and 2) a syllabus for each class. The bill also requires departmental budget information (which is provided by FAMIS) and student evaluations of the instructor.

For more information regarding the implementation of HB 2504 at Texas A&M, go to eis.tamu.edu/Howdy/HB-2504.

Textbooks and Course Materials

Texas A&M is committed to assisting students in making informed course registration decisions by sharing the “required and recommended” course materials for all courses in advance of each term. This not only enables students to make sound registration decisions and assists in their personal financial planning, but also maintains Texas A&M’s compliance with state and federal regulations regarding posting of information on required and recommended course materials.

Each department has a bookstore liaison that assists faculty in sharing the adopted course materials listing with the campus bookstore, which facilitates the posting of information. Students are not required to purchase from the campus bookstore, and faculty are encouraged not to limit student choice through preferential vendor of course materials. Departments purchasing course materials on student’s behalf utilize the contractual arrangement with the campus bookstore.

Additional guidance on textbooks and course materials can be found at provost.tamu.edu/resources/textbook-course-materials.

Academic Calendar

The academic calendar for the current and upcoming semesters is available at the Registrar’s website

---

The university library system has access to more than 4 million volumes and 400,000 e-books. It ranks 13th nationally among academic libraries in U.S. public institutions and 2nd in spending on electronic serials.

Source: Texas A&M University website
(registrar.tamu.edu/Catalogs-Policies-Procedures/Academic-Calendar). This calendar will help with the scheduling of assignments and exams for each course. The calendar shows the dates when the term begins and ends, the mid-term date, the last day for Q-drops, scheduled “reading days” (study days before final exams when no classes are held), “redefined days” (students attend their class on a different day of the week than usually held) and official holidays.

Dates for final examinations are predetermined before the start of each semester. Refer to the Registrar’s website to view the final exam policies and the schedule (registrar.tamu.edu/Courses-Registration-Scheduling/Final-Exam-Schedule).

Class Meetings

Instructors are expected to hold class each week of the semester for the specified number of days/periods designated in the official schedule (registrar.tamu.edu/Catalogs-Policies-Procedures/Academic-Calendar). Class meetings should be held at the time and place designated on the official schedule unless a change has been approved by the Office of the Registrar (registrar.tamu.edu). Requests for changes can be made through your department. See the “Academic Calendar” section on page 6 for an explanation of how reading days and redefined days affect class meetings.

Days of Religious Observance

To ensure compliance with Texas House Bill 256, every year the dean of faculties and associate provost issues a memo to all faculty reminding them of the requirement to excuse students from class for the observance of a religious holy day and with a link to a list of religious holy days for the upcoming academic year. Please review these dates as you may have students who will be absent. The list is not meant to be exhaustive and is based upon the following criteria:

- The date of observation occurs on or includes a weekday;
- The religious holy day is a day of obligation, generally requiring followers of the faith to miss class/work;
- The date of observation occurs on, or includes, a weekday on a day when students are normally expected to attend classes (please note that religious holy days that occur only on a Saturday and/or Sunday, on reading days, during semester breaks or on previously scheduled state holidays and Texas A&M breaks are not included in the list).

Faculty may receive requests and grant excused-absence requests for religious holy days. The dean of faculties and associate provost can help faculty in assessing the legitimacy of such requests. In addition, faculty should take particular care when scheduling class-related events outside regular class days, as there are religious holy days that conflict with these activities. Please note that appropriate pre-approval is required for scheduling events outside the official calendar.

Students are not required to notify you prior to the day of the absence. Please work fairly with students who request religious holy day accommodations and give every indication that Texas A&M recognizes and respects the importance of religious holy day observances. For extended lists of religious holy days visit the Interfaith Calendar website (interfaithcalendar.org).

If you have questions or need further information about religious holy day accommodations please visit the Office of the Dean of Faculties’ website (dof.tamu.edu/Rules/Religious-Observance).

Off-Campus Class Field Trips

As a faculty member or instructor, you may decide to take your class on a field trip in order to “expand student understanding and/or application of educational concepts and knowledge” (rules-saps.tamu.edu/PDFs/26.01.01.Mo.01.pdf). It is at the discretion of the instructor whether the trip is required. You
must obtain written approval in advance from the department head before planning an off-campus field trip, whether required or optional. If a trip requires a fee from students, the fee must also be approved before the start of the semester when the trip will occur. (If the field trip is optional, the fee may be approved shortly after the start of the semester.)

The approval form may be obtained online from the university’s Standard Administrative Procedure 26.01.01.M0.01 “Procedures for Field Trip Fee Approval and Collection,” section 1.2 (rules-saps.tamu.edu/PDFs/26.01.01.M0.01.pdf).

Additionally, pursuant to University Rule 13.04.99.M1 “Student Travel” (rules-saps.tamu.edu/PDFs/13.04.99.M1.pdf), a faculty member or a department representative must provide notification of the field trip to the Critical Incident Response Team (CIRT) within the Division of Student Affairs. To set up a field trip, go to Student Activities’ website at (stuactonline.tamu.edu/app/form_travel/index).

Aggie Honor System Office

The Aggie Honor System Office (AHSO) supports the mission of the university by working in collaboration with faculty and students to ensure that Texas A&M continues to uphold high standards of academic integrity. Faculty members are responsible for addressing matters of academic integrity with their classes and in their syllabi to let students know that integrity is important at Texas A&M.

If a faculty member or instructor suspects a case of academic misconduct, it must be reported to the AHSO. The faculty member may decide to handle the case themselves (autonomously) and assign an appropriate sanction to the student or refer the situation to the Honor Council.

Even if the faculty member addresses the issue directly, it should still be reported to the Aggie Honor System Office for documentation in the student’s record. For further information on the Aggie Honor System Office or how to report a violation, please see the AHSO website (aggiehonor.tamu.edu). Questions may be directed to:

Aggie Honor System Office
Rudder Tower 607 • 1132 TAMU
(979) 458-3378 • aggiehonor@tamu.edu

Faculty Members as Academic Advisors

Academic advising provides a direct link between the curriculum and the student, and serves to ensure that the student’s passage through academic requirements is planned and purposeful. Some departments include academic advising among the duties of faculty members, some may be staffed with full-time professional academic advisors, some may have graduate assistant advisors, and some use a combination of these options.

Regardless of the department’s formal advising structure, individual faculty members are often consulted by students looking for advice and assistance in meeting degree requirements, choosing internships and making course selections. Knowledge of the requirements for the degrees in one’s home department, along with the academic advising services available to students, is critical. Faculty with regular advising responsibilities should refer to the Advisor tab on the Howdy web portal.

Texas A&M offers a number of resources for academic advisors at the department, college and university levels. Faculty members are welcome to avail themselves of these resources, regardless of their current involvement in academic advising. Resources for advisors are available on the Advisors tab on the Undergraduate Studies website (us.tamu.edu).

University Advisors and Counselors (UAC) (uac.tamu.edu) is a professional organization that provides support for academic advisors and counselors and serves as a liaison with the National Academic Advising Association (NACADA) and NACADA Region VII.

Some UAC programs that might be of interest to faculty are:

- **UAC Bull**: A listserv moderated by university advisors and counselors. UCA Bull is a common forum for communicating university information to academic advisors, announcing professional development opportunities and seeking input on proposed academic policies.

- **Advisor Briefing Day(s)**: Held in September, Briefing Day(s) update academic advisors on new university academic policies and student programs and services.

- **Symposium**: Held in February or March, this full-day program focuses on professional development, new program updates and issues affecting academic advising.

- **Monthly Programs**: The UAC offers monthly professional development programs designed to provide increased awareness of university academic policies, student programs and services, and academic advising issues.

- **Guthrie and Peters Awards for Academic Advising**: These awards recognize faculty and staff members who show concern for student welfare, compassion and care for students, and skillful and insightful advising.

- **UAC Advising Awards**: The UAC presents a number of awards for outstanding advising, outstanding advising team, and new advisors. More information can be found on the UAC website (uac.tamu.edu).

- **President’s Award for Academic Advising**: Undergraduate Studies coordinates a university-wide award for academic advising. Information is available
More information on these and other programs, along with instructions on joining the listserv, is available at uac.tamu.edu. For more information on academic advising resources contact:

Office of Undergraduate Studies  
Rudder Tower 10th Floor  •  1125 TAMU  
(979) 845-3210  •  us.tamu.edu

Ethics Policy

The Texas A&M University System Board of Regents sets certain ethical principles and standards for all employees of Texas A&M University (regardless of rank or position). These policies address the following topics:

- Principles of Ethical Conduct
- Conflicts of Interest
- System Property and Services
- Benefits, Gifts and Honoraria
- Holding Dual Offices
- Public Officials and Political Activities
- Travel
- Employment

For a full description of the Texas A&M System ethics principles and policies, please reference System Policy 07.01 “Ethics” (policies.tamus.edu/07-01.pdf).

Below is a brief explanation of some of the components of the ethics policy. These are not comprehensive, and are only meant to provide a general overview of the policy. They should not be considered a substitute for official policy.

Principles of Ethical Conduct

This principle is the basis of all of the ethical policies related to Texas A&M System employment. A Texas A&M System employee must avoid any appearance that he or she is violating the ethical standards set forth by the system. For example, one may not use his or her position in a public office (Texas A&M) for private gain; one cannot use information in the course of employment to further personal financial gain; and one must be honest and forthright in the performance of duties. See System Policy 07.01 “Ethics” (policies.tamus.edu/07-01.pdf).

Conflicts of Interest

Members of the faculty are required to disclose any involvement that might constitute a conflict of interest. A conflict of interest is any situation in which you have significant financial or other personal considerations that may compromise (or have the appearance of compromising) your professional judgment in teaching or otherwise performing university obligations. In addition, any A&M System employee who has supervision of, or input with regard to the investment of funds under control of the A&M System must file an Annual Financial Disclosure Report. See System Policy 07.03 “Conflicts of Interest, Dual Office Holding and Political Activities” (policies.tamus.edu/07-03.pdf).

System Property and Services

Employees of the A&M System may not abuse their official capacity for gain or with intent to harm, and they may not misuse official information, state equipment or vehicles. It is acceptable to use your office equipment for incidental purposes that are not for personal gain, such as using the telephone to make local calls unrelated to Texas A&M business. An employee may not, however, use Texas A&M resources (phone, computer, copy machines, etc.) to perform work for or advertise for another business or entity. See System Policy 33.04 “Use of System Resources” (policies.tamus.edu/33-04.pdf).

Benefits, Gifts and Honoraria

State law prohibits state employees from soliciting or accepting any benefit in exchange for an official action. In addition, state employees may not accept any gift or benefit in exchange for his or her opinion, recommendation, vote, etc. The statutory definition of a benefit is “anything reasonably regarded as pecuniary gain or pecuniary advantage.” A state employee may not accept cash or negotiable instruments of any amount.

Employees may accept the following:

- Gifts or other benefits conferred on account of kinship or a personal, professional or business relationship independent of the employee’s status as an employee
- A fee prescribed by law to be received by the employee or any other benefit to which the employee is lawfully entitled or for which the employee gives legitimate consideration in a capacity other than as an employee
- A gift, award or memento that is received from a lobbyist who is required to make reports under Chapter 305 of the Government Code
- Items having a value of less than $50, not including cash or negotiable instruments
- Plaques and similar recognition awards, including achievement and recognition awards from the A&M System.
- Employees must disclose any benefit received in the course of official business having a value of more than $250.

Faculty may not solicit, accept or agree to accept an honorarium in consideration for services they would not have been asked to provide but for their official position or duties. This prohibition includes a request for or acceptance of a
payment made to a third party if made in exchange for such services. Faculty may accept the direct provision of or the reimbursement for expenses for transportation and lodging incurred in connection with a speaking engagement at a conference or similar event.

Meals provided as part of the event or reimbursement for actual expenses for meals may also be accepted. Participation by the faculty member in the event must be more than merely perfunctory. See System Policy 07.04 “Benefits, Gifts and Honoraria” (policies.tamus.edu/07-04.pdf).

Dual-Office Holding

Texas A&M employees may hold non-elective offices that benefit the State of Texas and are not in conflict with Texas A&M employment, provided the member of faculty has received approval from the appropriate administrator. (Ask your department head for assistance to identify the “appropriate administrator.”) Certain positions of employment with other government agencies are permitted. See System Policy 07.03 “Conflicts of Interest, Dual Office Holding and Political Activities” (policies.tamus.edu/07-03.pdf).

Public Officials and Political Activities

Policies concerning public officials and political activities are found in System Policy 07.03.01 “Political Campaign Events on Property Under the Control of The Texas A&M University System” (policies.tamus.edu/07-03.pdf). This policy contains several examples of allowed and disallowed activities for Texas A&M System employees.

Travel

To qualify for a travel reimbursement, a trip must be for state business or official business of the A&M System. Check with your department’s business office (or the person who is in charge of travel reimbursements) to find out the requirements and procedures for being reimbursed. Reimbursements cannot be made unless the correct forms have been filled out and the correct procedures followed.

Note: Foreign travel and travel to Washington, D.C. have special requirements. See System Regulation 21.01.03 “Disbursement of Funds” (policies.tamus.edu/21-01-03.pdf) and University Rule 21.01.03.M0.02 “Foreign Travel” (rules.tamu.edu/PDFs/21.01.03.M0.02.pdf) for further information on these and other regulations regarding travel.

Supplemental Compensation and Outside Employment

A&M System employees are permitted to have additional employment or a consulting business outside of the A&M System. Employees* are required to disclose this information (even if the business is conducted outside of normal working hours, such as on weekends or evenings), and receive administrative approval for the arrangement. View System Regulation 31.05.02 “External Employment” (policies.tamus.edu/31-05-02.pdf) and form HR 202A (tamus.edu/assets/files/hr/forms/202A.pdf) for more information.

*If you are a foreign national employee sponsored under a nonimmigrant visa, you must contact International Faculty & Scholar Services (IFSS) before engaging in external employment.

Texas A&M University employees must also receive administrative approval for employment with other state agencies, dual-employment that occurs on-campus and employment with another A&M System agency. University SAP 31.01.99.M0.02 “Approval Procedures for Supplemental Compensation and Dual Employment” (rules-saps.tamu.edu/PDFs/31-01-99.M0.02.pdf) provides complete information. Forms for dual employment and supplemental compensation are found within the SAP and on the payroll website (payroll.tamu.edu/docs/forms.asp).

Texas A&M wants to make compliance with ethics policies as streamlined and easy as possible for faculty. Please contact the appropriate offices for more information.

For further assistance on compliance in matters of ethical conduct and employment at Texas A&M (forms, reporting, etc.), please contact:

Office of the Dean of Faculties
YMCA 108 • 1126 TAMU
(979) 845-4274 • dof.tamu.edu

In addition, links to all Texas A&M System policies and regulations (tamus.edu/offices/policy/policies) and university rules and SAPs (rules-saps.tamu.edu/TAMURulesAndSAPs.aspx) can be found online. For questions regarding interpretation of A&M System policies and/or university rules/SAPs, contact the office of responsibility listed at the end of each governance document.

Faculty Resources and Support

Office of the Dean of Faculties

The dean of faculties and associate provost deals with important issues relating to university faculty. The dean of faculties and associate provost works with individuals in all university divisions; consults with the Faculty Senate; serves as an ex officio member of the Faculty Senate and specific Faculty Senate subcommittees; is a member of the provost’s staff; and participates in planning in the Division of Academic Affairs.

The dean of faculties and associate provost is available to all faculty for confidential consultation on any matter important to the faculty member. Follow-up actions to consultation are
taken only with express agreement by the faculty member. The Office of the Dean of Faculties is located on the first floor of the YMCA building; this location is separate from other administrative offices, thus offering a further dimension of privacy and confidentiality.

The Office of the Dean of Faculties strives to achieve and preserve a university environment in which faculty feel inspired and enabled to reach their full potential. This office facilitates and observes fairness and equity in the recruitment, evaluation and advancement of faculty and academic administrators.

The dean of faculties and associate provost is committed to academic freedom, shared governance, excellence and the common good. The dean of faculties and associate provost has primary responsibilities in:

- Promotion, tenure and development of faculty
- Appointment, evaluation and development of academic administrators
- Advocacy for women and minority faculty
- Recruitment and retention of faculty
- Faculty development leave
- Retirement programs
- Awards programs
- Dual career services/partner placement

Many of these programs and services are described in detail elsewhere in this handbook. Faculty are welcome to make use of the services of this office at any time. For more information, please visit dof.tamu.edu.

**Faculty Development Leave**

Texas A&M does not have an official sabbatical program; however, the university, with the assistance of The Association of Former Students (aggienetwork.com), funds a Faculty Development Leave Program. Faculty development leave is funded at full pay (with full benefits) for one semester or at one-half pay (and half benefits) for two semesters. Details of the policies and restrictions related to development leave can be found on the dean of faculties website (dof.tamu.edu/Faculty-Resources/CURRENT-FACULTY/Faculty-Development/Faculty-Development-Leave).

All proposals for faculty development leave will be evaluated at the department, college and university level, but the Board of Regents has final approval of all faculty development leave.

For more information, please see System Regulation 12.99.01: “Faculty Development Leave” (policies.tamus.edu/12-99-01.pdf). Instructions for applying for development leave can be found at the dean of faculties website. Deadlines will change on a yearly basis, but are always early in the fall semester, so please check with both your department and college for the correct deadlines.

**University Awards and Recognitions**

Awards for faculty performance in teaching, scholarly creativity and research and professional service and engagement are awarded at numerous levels by campus units, and nominations are also presented to national and international competitions. Faculty members are encouraged to investigate awards programs and guidelines for nominations with their department and college for appropriate consideration.

To find out more about university-level faculty awards and recognitions, visit dof.tamu.edu.

**Dual-Career Employment Assistance Program (Partner Placement)**

At Texas A&M University, attracting and retaining exceptional faculty often depends on meeting the needs for two careers. The Dual Career Employment Assistance Program is designed to assist the partners of faculty. The service is designed primarily for the partners of new employees; however, the partners of current employees may also benefit from this service. While we cannot guarantee employment for participants of the program, a wide range of career assistance services are available to help the partner develop an effective job search strategy. For information and assistance please contact:

- If the partner is seeking a Faculty position: Office of the Dean of Faculties: (979) 845-4274 or dof@tamu.edu.
- If the partner is seeking a Non-faculty position at Texas A&M or in the local community: Dual Career Program, ADVANCE Center, (979) 845-7038 or dualcareer@tamu.edu.

**Faculty Network Mentoring Program**

New faculty members are often provided with a faculty member from within their department or college to help navigate the transition to a new institution and new responsibilities. Local mentors are especially useful in learning about the “local” culture and expectations for that discipline and their department as well as helping to initiate a discipline specific network outside of Texas A&M. Please communicate with your department head or dean about the mentoring services available.

Additionally a university-wide Faculty Mentoring Program is currently administered by the Women’s Faculty Network and sponsored by the Office of the Dean of Faculties.

The program is open to faculty at large but was created out of a need to provide mentoring opportunities to women and other historically underrepresented minorities. Junior and senior faculty representing a variety of backgrounds, cultures and ethnicities are paired as mentor/mentee. Pairs commit to meet throughout the semester to provide the junior faculty (mentee) with valuable guidance to assist them in building successful
careers at Texas A&M. The Office of the Dean of Faculties funds one lunch per semester, per pair, and encourages pairs to meet on a regular basis.

Mentees can expect mentors to get to know them as individuals and offer confidential guidance in areas of interest and concern, and to orient them to Texas A&M. Mentors are committed to taking a genuine interest in their mentee’s professional progress, familiarize them with Texas A&M policies and offer honest appraisal of their scholarship and progress, if asked. The Office of the Dean of Faculties is committed to faculty retention, creating an atmosphere of advocacy and respect, and ensuring accessibility for its entire faculty by offering an active faculty mentoring program.

For more information, or to join the program, please visit the Women Faculty Network website at wfn.tamu.edu.

Supplementing on-site mentoring programs, the Office of the Dean of Faculties, in collaboration with the Office of the Vice President for Diversity, Office of the Vice President for Research, Office of Graduate and Professional Studies, and Colleges, has purchased an institutional membership at the National Center for Faculty Development & Diversity (NCFDD), an independent professional development, training and mentoring institute that offers support, resources and forums to its members. The center focuses on effective external mentoring for faculty, post-doctoral fellows and graduate students with the goals of increasing productivity, maintaining work-life balance and improving retention by creating communities of support and accountability.

For further assistance on how to participate in NCFDD mentoring activities, please contact:
Office of the Dean of Faculties
YMCA 108 • 1126 TAMU
(979) 845-4274 • dof.tamu.edu

Grievances

According to university rules, faculty grievances are grouped as 1) those concerning questions of tenure, dismissal; 2) grievances related to sexual harassment and/or illegal discrimination; 3) salary or other faculty grievances; and 4) research misconduct.

1. **Grievances concerning questions of tenure, dismissal:**
Grievances involving wrongful dismissal, non-granting of tenure or promotion and non-renewal of appointment are covered by the procedures found in University Rule 12.01.99.M2, section 9, “Statement on Academic Freedom, Responsibility, Tenure, and Promotion” (rules.saps.tamu.edu/PDFs/12.01.99.M2.pdf).

2. **A tenure-track faculty member who receives written notice of dismissal, non-granting of tenure or promotion,** or notice of non-renewal of appointment, has the right to request all documents related to the dismissal, as well as a statement of reasons for the dismissal or non-renewal, as well as to request a hearing by the Committee

---

**UNIVERSITY STUDENT LEARNING OUTCOMES FOR A MASTER’S DEGREE**

A student who graduates from Texas A&M with a master’s degree will:

- Master degree program requirements, including theories, concepts, principles, and practice, and develop a coherent understanding of the subject matter through synthesis across courses and experiences.
- Apply subject matter knowledge in a range of contexts to solve problems and make decisions.
- Use a variety of sources and evaluate multiple points of view to analyze and integrate information and to conduct critical, reasoned arguments.
- Communicate effectively.
- Use appropriate technologies to communicate, collaborate, conduct research, and solve problems.
- Develop clear research plans and conduct valid, data-supported, theoretically consistent, and institutionally appropriate research.
- Choose ethical courses of action in research and practice.

informal but structured process to resolve or manage their grievances can be found in University SAP 12.99.99.M2 "Faculty Grievance Procedures Not Concerning Questions of Tenure, Dismissal or Constitutional Rights" (rules-saps.tamu.edu/PDFs/12.99.99.M2.pdf).

3. Grievances related to sexual harassment and/or illegal discrimination: Formal accusations against a faculty member for alleged sexual harassment or another form of illegal discrimination should be filed with the Office of the Dean of Faculties. The procedures for complaints regarding sexual harassment and illegal discrimination involving faculty can be found in University SAP 08.01.01.M1.02 “Investigation and Resolution of Complaints Against Faculty Members for Illegal Discrimination, Sexual Harassment or Related Retaliation Charges” (rules-saps.tamu.edu/PDFs/08.01.01.M1.02.pdf). Grievances not related to tenure, dismissal or related to sexual harassment and/or illegal discrimination are addressed by University SAP 12.99.99.M2 “Faculty Grievance Procedures Not Concerning Questions of Tenure, Dismissal or Constitutional Rights” (rules-saps.tamu.edu/PDFs/12.99.99.M2.pdf).

4. Salary or other faculty grievances: Salary grievances are to be handled primarily through administrative appeal. A faculty member who wishes to file a salary grievance should first have a personal conference with his or her department head. If the result of that conference is not satisfactory to the grievant, he or she may appeal to the college dean. If the dean’s decision is not satisfactory to the grievant, an appeal may be taken to the dean of faculties, who will act as an ombudsperson in attempting to resolve the case through discussions with the college dean and the grievant. The procedures for salary grievances can be found in University Rule 12.99.99.M2 (rules-saps.tamu.edu/PDFs/12.99.99.M2.pdf).

5. Research misconduct: Responsible conduct in research is covered by University Rule 15.99.03.M1 “Ethics in Research, Scholarship, and Creative Work” (rules-saps.tamu.edu/PDFs/15.99.03.M1.pdf).

Complaints regarding research misconduct must be addressed to the Office of the Vice President for Research:

Division of Research
Interdisciplinary Life Sciences Building 3104 • 1112 TAMU
(979) 845-8585 • vpr.tamu.edu

Informal Grievance Procedures

There are some conflicts that might be resolved without referring to a formal grievance process. Below are a few, but not mutually exclusive alternatives, faculty may consider before filing a formal grievance.

If feasible, a faculty member should discuss the matter in a personal conference with his or her department head. If the matter cannot be resolved after talking with the department head, they may follow the formal procedures.

Faculty may consult with the faculty ombuds officer regarding grievance issues. In this role, the faculty ombuds officer can serve as a neutral listener and information source. This consultation can be done informally, without filing a grievance, and can be initiated regardless of whether the faculty member has consulted with the department head.

Faculty may request a structured, but informal mediation to address conflict. If the faculty member has not already been in communication with the dean of faculties, he or she should contact the Office of the Dean of Faculties to make arrangements for mediation.

Formal Grievance Procedures

Should the informal attempts to resolve a matter be unsuccessful, a faculty member may submit a formal letter of complaint and relevant documentation to their college dean. If the issue is not resolved at the college level to the satisfaction of the faculty member involved in the grievance, he or she can appeal the dean’s decision to the University Grievance Committee (UGC).

If you believe you have cause for grievance in any of these categories, you are encouraged to make an appointment to speak with the dean or associate dean of faculties for a confidential consultation and advice regarding the resources and options available in your situation. If you decide to file a formal grievance, the Office of the Dean of Faculties will advise you on how to proceed. To schedule an informal and confidential consultation, call (979) 845-4274.

Faculty Ombuds Officer

The Faculty Ombuds Officer serves as an independent, confidential and impartial resource for faculty (although in certain cases the law may require disclosure of some information: i.e., subpoena, or sexual harassment). The primary responsibility of the ombuds officer is to raise and clarify issues and concerns, identify opinions and request assistance to informally resolve workplace conflicts. In cases where informal resolution efforts fail or are not advisable, the ombuds officer will counsel faculty of their options for formal action and will direct them to the appropriate university rules, resources and offices. For more information about the faculty ombuds officer, please visit faculty-ombuds.tamu.edu.

Mediation Program

The dean of faculties coordinates a mediation service for faculty and administrators. Mediation gives individuals in conflict an informal but structured process to resolve or manage their conflict. Mediators are Texas A&M employees (including staff,
lecturers, professors at all levels and administrators) who have received a minimum of 40 hours of mediation training as recommended by the alternative dispute resolution section of the State Bar of Texas (texasadr.org). A current list of campus mediators can be found on the Office of the Vice President and Associate Provost for Diversity website (diversity.tamu.edu/Mediation/Mediators-on-Campus). Mediation is a voluntary, confidential process and it does not limit or preclude the pursuit of any other action related to the conflict (such as filing a formal grievance).

Commitment to Equal Employment Opportunity/Affirmative Action for Minorities, Women, Individuals with Disabilities, and Veterans

(From Michael K. Young, president, Texas A&M University.)

“Texas A&M University is committed to providing equal opportunity and access to the programs, services and employment opportunities offered on our campus. Furthermore, we seek to create and maintain a campus environment that supports diversity and increases awareness of the globally connected world in which we live.

To that end, and in keeping with our core values of excellence, integrity, leadership, loyalty, respect and selfless service, I remind all Texas A&M employees of our responsibility to create and sustain an environment where every individual is treated with dignity and respect, and is afforded equal treatment as required under the law. Furthermore, each of us will be held accountable for creating such an environment.

To promote this responsibility, and in compliance with Executive Order 11246, the university has developed an Affirmative Action Program that documents the policies, practices and procedures to support equal treatment for all applicants and employees and assure, in good faith, equal access and affirmative action for women, minorities, individuals with disabilities and veterans at all levels of its workforce. It is our policy to not discriminate in employment opportunities or practices on the basis of race, sex, color, national origin, religion, age, disability, veteran status, genetic information or any other characteristic protected by law. Furthermore, we will aspire to maintain a work environment free from discrimination on the basis of sexual orientation, gender identity or gender expression.

The university’s Affirmation Action Program document may be viewed on the Human Resources website at http://employees.tamus.edu/managers/affirmative-action/. If you have questions about this memorandum or our affirmative action program, please contact Janelle R. Ramirez, Interim Associate Vice President for Human Resources and Administrative Services, at janelle@tamu.edu or 979.862.1723.

Thank you for all that you do on behalf of Texas A&M, including supporting our goal of equal employment opportunity, equal access and affirmative action.”

Civil Rights Standard Administrative Procedure

Texas A&M System Regulation 08.01.01 “Civil Rights Compliance” (policies.tamus.edu/08-01-01.pdf) states:

“Sexual harassment is a form of sex discrimination. Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment when this conduct explicitly or implicitly affects an individual’s employment, unreasonably interferes with an individual’s work or educational performance, or creates an intimidating, hostile, or offensive work environment.”

Any employee who believes he or she has been the victim of sexual harassment should report it to his or her department head, supervisor or any administrator. You may also contact the Office of the Dean of Faculties for more information and assistance. This office has information about university rules and procedures, system policy, applicable laws, options available for complaint resolution and confidentiality requirements. Additional information and formal complaint/investigation procedures can be found in University SAP 02.01.01.M1.02 “Investigation and Resolution of Complaints against Faculty Members for Illegal Discrimination, Sexual Harassment or Related Retaliation Charges” (rules-saps.tamu.edu/PDFs/08.01.01.M1.02.pdf).

Consensual Relationships and Nepotism

System Regulation 08.01.01 “Civil Rights Compliance” (policies.tamus.edu/08-01-01.pdf) defines “improper consensual relationships” as:

“...a mutually agreeable amorous, romantic and/or sexual relationship between two employees, between an employee and a student at a member institution, or between an employee and a third party; AND in which one of the individuals has one or more of the following: authority over any term or condition of the other individual’s employment or academic status; or job duties making that individual directly or indirectly responsible for hiring, supervising, evaluating, teaching, coaching, grading or advising the other individual, or providing benefits to or obtaining benefits from the third party, including employment.”

When these relationships exist, the individual with the hiring, supervisory, evaluative, teaching, coaching, grading or advisory responsibilities, or the employee providing benefits to or obtaining benefits from the third party, must promptly notify his or her immediate supervisor of the relationship and cooperate in making alternative arrangements for hiring, supervising, evaluating, teaching, counseling, grading, advising
or providing benefits to or obtaining benefits from the other individual.

If a conflict arises that indicates the need for investigation, University SAP 08.01.01.M1.02 “Investigation and Resolution of Complaints Against Faculty Members for Illegal Discrimination, Sexual Harassment or Related Retaliation Charges” (rules-saps.tamu.edu/PDFs/o8.01.01.M1.02.pdf) will be employed.

It is not intended to discourage the interaction of faculty with students or colleagues where it is appropriate or where such interactions already are governed by the rules on nepotism and supervision of relatives, as explained in System Policy 33.03 “Nepotism” (policies.tamus.edu/33-03.pdf).

Discrimination and Bias Reporting

It is everyone’s responsibility at Texas A&M to make this campus a welcoming community. Texas A&M is committed to creating and maintaining a climate that affirms, welcomes and supports diverse individuals and opinions (see the “Equal Employment Opportunity and Affirmative Action Statement” sections on page 13). Bias/hate-related events are defined in the following way:

“Behavior which constitutes an expression of hostility against the person or property of another because of his/her difference. Such incidents include actions motivated by bias, but do not meet the necessary elements required to prove a crime.”

Faculty, staff and students are strongly encouraged to report incidents of discrimination, hate or bias. A website has been established to report such incidents and offers advice on how to prevent acts of hate and bias. To report discrimination, hate or bias, please use the online form (stophate.tamu.edu).

Texas A&M University does not discriminate on the basis of race/ethnicity, color, religion, national origin, sex, disability, age, veteran status, genetic information or any other characteristic protected by law in its programs and activities. Furthermore, the university will maintain a work environment free from discrimination on the basis of sexual orientation, gender identity or gender expression.

International Faculty and International Visitors

Texas A&M University employs international faculty, researchers and professional staff. In addition, faculty members often invite international visitors and scholars to campus to visit or collaborate in research. Therefore, it is paramount to be aware of the immigration issues that may arise when employing an international faculty member, or inviting/hosting a foreign national to campus.

International Faculty and Scholar Services

International Faculty & Scholar Services (IFSS) is a part of the Office of the Dean of Faculties. IFSS is the designated office at Texas A&M University responsible for assisting academic departments in the employment of international faculty, researchers and professional staff. In this regard, IFSS provides an array of immigration services relating to the employment and hosting of faculty members and/or visiting scholars.

Employment

Employment of foreign nationals at Texas A&M is governed by System Regulation 33.99.09 “Employment of Foreign Nationals” (policies.tamus.edu/33-99-09.pdf) and supplemented by University Rule 33.99.09.M1 (rules-saps.tamu.edu/PDFs/33.99-09.M1.pdf). While it is important for department heads and faculty to be aware of these regulations, there are certain immigration issues that are common to all international faculty during their employment

• Employment of an international faculty member is employer specific. As a result, the faculty member can only work for Texas A&M University, unless the individual has a concurrent nonimmigrant status sponsored by a third party. Consequently, unless the concurrent sponsorship exists, freelancing, consultations or payment for services by a third-party entity will constitute a violation of the nonimmigrant status.
• Permanent residence is not an entitlement and requires the academic department’s sponsorship.
• Changes in employment, such as location, salary, job description, title or percentage effort, require immediate notification to IFSS to avoid any potential immigration problems.

Visitors

Texas A&M University has a J-1 Exchange Visitor Program under which faculty can invite scholars and student interns to visit. IFSS is the office responsible for the J-1 scholar program. This program is the optimal route for, among other things, fostering the exchange of ideas and allowing individuals to engage in teaching, lecturing and research.

The J-1 student intern category provides a unique opportunity to foreign national students currently enrolled in and pursuing a degree at an accredited post-secondary academic institution outside the United States to participate in a student internship program at Texas A&M that will fulfill the educational objectives of his or her current degree program at their home institution.
A visit to Texas A&M may also take place under the B-1 nonimmigrant visa. This type of visa is for visitors engaging in business and is not suited for the visitor to engage in collaborative or guided research or for the visitor to gain practical experience through on-the-job training. Consequently, faculty members should contact IFSS to ascertain whether or not a visit under this nonimmigrant category is advisable.

Finally, it is important to also note that international visitors may be subject to a restricted party screening. In this regard, all faculty members should be aware of System Policy 15.02 “Export Controls” (policies.tamus.edu/15.02.pdf), University Rule 15.02.99.M1 (rules.tamu.edu/PDFs/15.02.99.M1.pdf) supplementing the system policy, and Texas A&M University SAP 15.99.99.M0.01 “Visiting Scholars Not Involved in an Employer/Employee Relationship with Texas A&M University” (rules-saps.tamu.edu/PDFs/15.99.99.M0.01.pdf).

For more information about immigration employment matters or inviting visitors and/or scholars to campus, contact:

International Faculty & Scholar Services
YMCA 101 • 1158 TAMU
(979) 862-1719 • ifss.tamu.edu

Development Opportunities for Faculty

Many offices on campus offer seminars, lectures and workshops for faculty and students during the year, including the Wiley Lecture Series (wiley.tamu.edu).

Other workshops and lectures are offered by the Office of the Provost and Executive Vice President for Academic Affairs, the Office of the Dean of Faculties, the Center for Teaching Excellence, the Office of the Vice President for Research and by numerous colleges, centers and departments.

Center for Teaching Excellence

The Center for Teaching Excellence (CTE; cte.tamu.edu) provides resources and services for faculty to enhance the practice of teaching, improve student learning, facilitate curricular alignment, and present an evidence-based account of accomplishment in teaching. CTE offers a variety of programming based on the priorities of our institution, the needs of our faculty, and current research in teaching and learning. Faculty and Graduate Students have the option to participate in a variety of formats including workshops, learning communities, teaching academies, teaching conferences, new faculty institutes, individual consulting, and program consulting for curriculum design. Faculty can select individual support such as classroom observation and feedback or gather with colleagues from across campus to hear award-winning TAMU faculty share their approach to teaching. CTE also works collaboratively with other service units on campus engaged in support of teaching and learning to ensure continuity of service for faculty seeking assistance with their teaching.

UNIVERSITY STUDENT LEARNING OUTCOMES FOR A DOCTORAL DEGREE

A student who graduates from Texas A&M with a doctoral degree will:

- Master degree program requirements, including theories, concepts, principles, and practice; develop a coherent understanding of the subject matter through synthesis across courses and experiences; and apply subject matter knowledge to solve problems and make decisions.
- Apply a variety of strategies and tools, use a variety of sources, and evaluate multiple points of view to analyze and integrate information and to conduct critical, reasoned arguments.
- Communicate effectively.
- Develop clear research plans, conduct valid, data-supported, theoretically consistent, and institutionally appropriate research and effectively disseminate the results of the research in appropriate venues to a range of audiences.
- Use appropriate technologies to communicate, collaborate, conduct research, and solve problems.
- Teach and explain the subject matter in their discipline.
- Choose ethical courses of action in research and practice.

To learn more about how the CTE can be of service, contact:

Center for Teaching Excellence
YMCA 206 • 4246 TAMU
(979) 845-8392 • cte.tamu.edu

Faculty Professional Development Series: Seminars and Workshops

The Office of the Dean of Faculties offers seminars and workshops throughout the academic year that are designed to provide professional development and growth opportunities for faculty. These seminars and workshops are organized by the Office of the Dean of Faculties together with the Center for Teaching Excellence. There is no charge to attend these events (although all require pre-registration). A list of seminars and workshops for the current year, along with registration information, can be found at the Office of the Dean of Faculties (dof.tamu.edu) and the Center for Teaching Excellence (cte.tamu.edu) websites. Examples of workshops offered in the past include: “Successful Leadership (Chair) of Faculty Committees,” “High Impact Practices and Measuring Effectiveness,” “Mid-Career Faculty: Needs, Challenges and Opportunities,” and “Demystifying the Tenure and Promotion Process.” Offerings vary by semester. For more information about the professional development series contact:

Office of the Dean of Faculties
YMCA 108 • 1126 TAMU
(979) 845-4274 • dof.tamu.edu

Off-Campus Travel to Workshops/Conferences

Faculty have many opportunities to attend off-campus professional workshops and conferences. The authority of approval for faculty to travel for development opportunities is delegated to the departmental level in most cases, and your department will work with you on permissions and travel arrangements. Most travel arrangements are done through the eTravel/Concur online system. This system handles both bookings and reimbursement for national and international travel. Travel to Washington, D.C. and international travel require special processing, and travel to some countries requires the approval of the university president. Resources to fund such travel are managed by the departments and, in some cases, the colleges. For additional information regarding travel procedures, visit the A&M System travel website (tamus.edu/business/budgets-and-accounting/accounting/travel/).

Diversity

Texas A&M has published a statement on its commitment to diversity (tamu.edu/about/diversity.html), which reads:

“As a major land-grant university, Texas A&M has both an extraordinary opportunity and a special responsibility to create and maintain a campus climate that affirms diversity of thought, background, ethnicity, and perspective. Applying the Texas A&M core value of mutual respect is the key ingredient to developing and sustaining a university community in which diversity is valued. As we work together to harness the power of diversity, we provide students, faculty, and staff with a university experience that is rich in perspectives with opportunities to learn from each other and succeed in a diverse world.”

Texas A&M strives to maintain a climate that affirms diversity of individuals and views. A wealth of diversity-related resources and documents for faculty are available at Texas A&M and includes the following:

The Office of the Vice President and Associate Provost for Diversity provides leadership in diversity issues, and in the design and implementation of campus programs to support diversity (diversity.tamu.edu).

Professional networks for faculty are supported by the Office of the Vice President and Associate Provost for Diversity (diversity.tamu.edu/Campus-Resources/Faculty-Staff). Networks for faculty include:

- African American Professional Organization
- Association of American University Professors
- Black Faculty Alliance
- Brazos Valley Chapter of Fulbright Association
- China Faculty Association
- Christian Faculty Network
- Catholic Faculty and Staff Network
- Jewish Faculty Network
- Faculty and Staff Committed to an Inclusive Campus
- Friends of India Network
- Gay, Lesbian, Bisexual and Transgender Professional Network
- International Faculty and Scholars Network
- Mexican American/Latino Faculty Association
- Muslim Faculty Network
- Organization of Professional Academic Leaders plus other Non-Tenure Track Faculty (OPAL +)
- Phi Beta Delta-International Honor Society
- Phi Beta Kappa: Kappa of Texas Chapter
- Professional Hispanic Network
- Secular Humanist Network
- Sigma Xi
- Women Administrators Network
- Women’s Club of Texas A&M
- Women’s Faculty Network
- Women in Engineering Faculty Interest Group

The Division of Student Affairs (studentaffairs.tamu.edu/diversity) provides several links to on and off-campus diversity resources for students and faculty.

Human Resources provides links for faculty and staff regarding the importance of diversity and inclusion in the workplace, and offers tips to maintain a community of respect in a diverse
Research Information and Guidelines

The Division of Research carries out its commitment to supporting creative scholarship and sponsored research at Texas A&M University through several internal units and a variety of external units and centers that are focused on exciting new fields of scientific inquiry.

Research Development Services

The Division of Research’s Research Development Services (RDS) assists the Texas A&M research community with proposal development activities including: coordinating professional development in grant proposal writing; assisting with proposal re-submission based on reviewers’ comments; coordinating, planning and developing strategies for proposal development efforts; administering internal grant programs, including two international programs, the Program to Enhance Scholarly and Creative Activities (PESCA), and the Arts and Humanities Fellows Program; supporting the University Research Council; and facilitating large-scale multidisciplinary team proposals.

Intellectual Property Management and Commercialization

Texas A&M University supports the full and rapid dissemination of the creative and scholarly works of its employees to provide timely benefits to the university and the public it serves. The Vice President for Research is the principal university official responsible for oversight and management of the university’s intellectual property and technology commercialization interests consistent with System Policy 17.01.

As a general rule, The Texas A&M University System (TAMUS) owns all intellectual property that is conceived or developed as a result of activities related to an individual’s employment responsibilities, with support from TAMUS or any of its members in the form of administered funds or with significant use of resources at TAMUS.

All university employees have a duty to disclose all inventions, copyrightable work and tangible research property that may be owned in part or in whole, by the System or by Texas A&M University. Consistent with System Policy 17.01, this disclosure obligation does not apply to creator or third party-owned works such as, and without limitation, pedagogical, scholarly or artistic works.

For more information see System Policy 17.01 (policies.tamus.edu/17-01.pdf) and University Rule 17.01.99.M1 Intellectual Property Management and Commercialization (rules-saps.tamu.edu/PDFs/17.01.99.M1.pdf).

Research Integrity and Compliance

The Division of Research is committed to promoting and ensuring the highest standards of research integrity in proposing, conducting and reporting research. Through its various programs, the Division of Research provides information and guidance in areas such as biosafety, animal care and use, human subjects research, conflict of interest, biosafety occupational health, export controls, good laboratory practices, scientific misconduct and responsible conduct in research. A list of potential key words for activities that may require compliance review may be found at rcb.tamu.edu/more/red-flag-list/view. This list is not intended to be exhaustive, but can be used as a compliance tool. It should not be relied upon exclusively. It does not cover all areas of research integrity and compliance.

Questions should be directed to the appropriate program identified in the Red Flag List or to the Division of Research at vpr.tamu.edu.

Research Studies Involving Human Subjects

The Human Research Protection Program (HRPP) is a resource for anyone involved with human subjects research at Texas A&M: potential research participants, current research participants, investigators, administrators or interested community members. In conjunction with the federally mandated Institutional Review Board (IRB), the HSPP works to assure the protection of human research participants and to ensure Texas A&M’s compliance with laws and regulations governing human subjects research. Any human subjects research conducted by Texas A&M faculty, staff or students must be reviewed and approved prior to being initiated. Also, any party wishing to conduct research using Texas A&M employees or students as subjects must secure authorization prior to recruiting participants. For detailed explanations, see University Rule 15.99.01 “Human Subjects in Research” (rules.tamu.edu/PDFs/15.99.01.M1.pdf).

Research, Teaching and Testing Activities Involving Animals

Texas A&M has established an Institutional Animal Care and Use Committee (IACUC) that meets all federal requirements, as defined in the Animal Welfare Act (AWA) and the Public Health Service Policy (PHS) on Humane Care and Use of Laboratory Animals. The IACUC is responsible for the oversight, evaluation and assurance of compliance for the institution’s animal care and use program and A&M System members as outlined in the PHS Assurance (Texas A&M), AWA, and the Guide for the Care and Use of Laboratory Animals. The IACUC serves Texas A&M researchers and educators, as well as researchers and educators from A&M System members. Clinical research conducted in the College of Veterinary Medicine
& Biomedical Sciences using client-owned animals must be approved by the Clinical Research Review Committee and the IACUC. Individuals who work with animals or are at risk from animal exposure must be enrolled in a Biosafety Occupational Health Program and informed of the risks associated with the animal exposure. For additional information, see rcb.tamu.edu/animals.

Research, Teaching and Testing Activities Involving Biohazards

All research, teaching and testing activities conducted by a member of the faculty or staff of Texas A&M involving any of the agents/materials listed must be approved by the Texas A&M Institutional Biosafety Committee (IBC) prior to initiation: pathogens and potential pathogens of humans, animals or plants; materials potentially containing human pathogens (including human and non-human blood, tissue and cell lines); recombinant DNA (and RNA), including creation or use of transgenic plants and animals; select agents and toxins, including strains and amounts exempted from the select agent regulations; and any material requiring a Centers for Disease Control and Prevention import license or a U.S. Department of Agriculture permit. The IBC serves Texas A&M employees as well as employees from the A&M System members. For detailed explanations, see University Rule 24.01.01.M8 “Use of Biohazards, Biological Toxins and Recombinant DNA” (rules-saps.tamu.edu/PDFs/24.01.01.M8.pdf). For additional information, see rcb.tamu.edu/biohazards.

Biosafety Occupational Health Program

The Biosafety Occupational Health Program is an integral part of the university’s commitment to provide a safe and healthy work environment. Its mission is to ensure that all people potentially exposed to hazardous biological agents in the course of activities at Texas A&M are offered the best possible information regarding those hazards and access to competent occupational medical services and providers. For additional information, see rcb.tamu.edu/bohp.

Scientific Misconduct

The Texas A&M University System defines misconduct in research or scholarship as fabrication, falsification or plagiarism in proposing, performing, reviewing or reporting research. It does not include honest error or honest differences in interpretations or judgments of data. A Texas A&M employee who becomes aware of possible misconduct in research or scholarship should immediately report the concerns and/or allegations to their supervisor, department head or dean, who will consult immediately with the designated officer regarding the nature of the concerns and/or allegations. For more information, see spr.tamu.edu/about/factsheets/ScientificMisconduct.

Responsible Conduct of Research

Texas A&M is responsible for promoting academic practices that encourage honesty and scientific integrity and developing rules and procedures for dealing with allegations or other indications of fraud or serious misconduct. All members of Texas A&M share responsibility for maintaining ethical standards of research and scholarship and reporting suspected abuse of these standards. Reports of scientific misconduct are reviewed by the university’s designated officer to determine whether there is sufficient information to warrant review of the allegation by a faculty committee. The designated officer may recommend to the provost that an inquiry committee be organized to evaluate the allegation and to recommend whether a formal investigation should be conducted. The provost, as the university’s deciding officer, makes the final determination on whether to organize an inquiry committee and, if warranted, an investigation committee. For additional information, see rcb.tamu.edu/more/otherprograms/rcrr.

Guidelines for Authorship and Publication Practices

A gradual diffusion of responsibility for multi-authored or collaborative studies has led in recent years to the publication of papers for which no single author was prepared to take full responsibility. Safeguards are put in place to allow this information to be reported accurately. For more information, see SAP 15.99.03.M1.02 “Guidelines for Authorship and Publication Practices” (rules-saps.tamu.edu/PDFs/15.99.03.M1.02.pdf).

Export Controls

Export Control laws and regulations establish the conditions under which controlled information and items can be transmitted to anyone outside the United States and to foreign persons and entities in the United States. They also restrict or prohibit the transaction of business with certain countries, persons and entities that have been sanctioned by federal agencies as a threat to important U.S. interests. All Texas A&M employees and students must be aware of and are responsible for the export control implications of their work and must ensure that their activities conform to export control laws and regulations. There are severe institutional and individual sanctions for violations of export control laws and regulations, including the loss of research funding, loss of export privileges, and/or as criminal and civil penalties. To learn more about export controls, see University Rule 15.02.99.M1 “Export Controls” (rules-saps.tamu.edu/PDFs/15.02.99.M1.pdf) as well as the Export Control Compliance Program Manual available at vpr.tamu.edu/resources/export-controls/resources. Also see vpr.tamu.edu/resources/export-controls for further information.

Financial Conflict of Interest

In order to promote objectivity in research, researchers are required to disclose any involvement that might constitute a
financial conflict of interest (FCOI) as applied to all externally sponsored research activities. Researchers must submit online via Maestro an Annual Financial Disclosure Statement to the FCOI office: 1) within 30 days of employment and 2) annually, no later than Aug. 31 and within 30 days after acquiring a new significant financial interest requiring disclosure. For additional information, see vpr.tamu.edu/researchadmin/FAcompliance/COI.

**Nepotism in Sponsored Research**

The Vice President for Research is responsible for addressing potential nepotism on sponsored research projects. Nepotism is considered to be a financial conflict of interest on sponsored research projects due to the principal investigator’s authority of the research and the ability to assign individuals to research projects on which they will compensate or have evaluation authority of research results. Individuals serving as principal investigators on sponsored projects must disclose any relationships (spouse, child, parent, etc.) when overseeing sponsored research projects. Potential nepotism will be reviewed. See also, System Policy 33.05 “Nepotism” ([policies.tamus.edu/33-03.pdf](https://policies.tamus.edu/33-03.pdf)).

**Good Laboratory Practices**

Following Good Laboratory Practices (GLPs) means more than practicing good science when conducting research experiments. GLPs are federal regulations that apply when conducting in-vitro or in-vivo safety studies and in some cases efficacy studies on certain human or animal products regulated by the Environmental Protection Agency or the Food and Drug Administration. Investigators are strongly encouraged to contact the Good Laboratory Practices Program well in advance of committing to conduct GLP studies to receive assistance and to ensure the requirements can be met and avoid delays in initiating research. For more information, see rcb.tamu.edu/quality-assurance/glp.

If you have questions on these or other related research issues, contact:

**Division of Research**
Interdisciplinary Life Sciences Building 3104 • 1112 TAMU
(979) 845-8585 • vpr.tamu.edu

**Information Technology Resources**

Information technology resources are available to assist you with course instruction, research and other academic pursuits. To learn more about setting up accounts, connecting from on- and off-campus, getting support and locating specific computing resources visit the Information Technology website ([it.tamu.edu/IT_for_Faculty_Staff.php](https://it.tamu.edu/IT_for_Faculty_Staff.php)). Services include:

- **NetID** is your Texas A&M electronic identifier (or username) for logging in to many university resources.

Activate your NetID by going to [gateway.tamu.edu](https://gateway.tamu.edu) and clicking the “Get Started” button. You can also manage your email forwarding, campus directory listing and other account information from this site.

- **Howdy web portal** connects you to Texas A&M resources, email, news and important links — all with one login. Visit howdy.tamu.edu to get started.

- **Texas A&M email** uses state-of-the-art webmail technology that gives you powerful searches, shareable calendars, email conversation view, and anytime, anywhere mobile access. Some departments also provide additional email resources. Read more at [cis.tamu.edu/Services/Email/index.php](https://cis.tamu.edu/Services/Email/index.php).

- **TAMULink** wireless provides Internet and network access in classrooms, offices, libraries, eateries and meeting areas. Go to [tamulink.tamu.edu](https://tamulink.tamu.edu) to view a map of wireless locations and learn how to connect your laptop or other mobile device.

- **eCampus** (Blackboard Learn) provides a complete teaching and learning online environment for course preparation, interactive communications and posting of syllabi, grades and other course content in a secure system. eCampus features an intuitive interface, modern functionality, and reliable tools for accomplishing your teaching objectives. Find out more at [ecampus.tamu.edu](https://ecampus.tamu.edu).
• **Classroom technology** lets you use computers, SMART Symposiums, VHS/DVD players and projectors in many technology-enhanced classrooms across campus. Contact Instructional Media Services at ims.tamu.edu to learn more.

• **Open Access Labs** (OALs), located across campus, provide access to computers, printers and specialized software, give you access to network space, and allow you to have personal web space. View information about OALs for faculty at oal.tamu.edu.

• **Supercomputing facility** provides Eos (an IBM iDataPlex cluster), Hydra (an IBM Cluster 1600), several Linux workstations, many commercial and freeware packages, access storage archives and a staff of expert analysts available to assist you. For more information visit sc.tamu.edu.

• **Need computing help?** Contact Help Desk Central (HDC) anytime, 24 hours a day, 7 days a week, 365 days a year. They provide walk-up service for forgotten passwords or account issues. Visit the HDC website to access online support for many of the systems used by the faculty of Texas A&M.

  **Help Desk Central**  
  Computing Services Center/Teague Building 1112  
  (979) 845-8300 • hdc.tamu.edu

**ITS Professional Development Opportunities for Faculty**

ITS also provides professional development opportunities for using technology to enhance teaching and learning: administers online and distance education resources; and shares expertise in implementing pedagogical best practices at Texas A&M University.

ITS is available to assist you in creating an engaging and up-to-date curriculum, whether your course is face-to-face, completely online or a combination of the two. Learn techniques for integrating the pedagogical principles behind specific software or instructional technology concepts and discover how they can benefit your curriculum.

Take advantage of ITS’ full range of assistance and training, which complements various learning styles and fosters effective course design. ITS delivers face-to-face and online training in course development, instructional design, multimedia applications and instructional technology concepts. Whether it’s a workshop, an in-person consultation, or customized group training, you’re sure to find assistance that fits your teaching needs and your schedule.

In addition, ITS also offers a year-long, for-credit Professional Certification in Online Teaching program, coordinates the Core Curriculum Technology Enhancement Grant Program, oversees Quality Matters™ training throughout the university and holds Flipping Your Course faculty institutes several times a year. “Reboot Camps,” which are week-long training sessions for learning centralized systems and software, are also scheduled during the late spring and summer.

Contact ITS today to discuss how to best integrate instructional technology in your course.

**Instructional Technology Services**  
Heldenfels Hall 004 • 3002 TAMU  
Main (979) 862-3977 • Service Desk (979) 458-3417  
itshelp@tamu.edu • its.tamu.edu

**University Libraries**

The Texas A&M University Libraries is composed of six branches along with an online library available to all faculty, students and staff (library.tamu.edu).

• Sterling C. Evans Library and Library Annex on the main campus (this is the general library)
• West Campus Library
• Cushing Memorial Library and Archives
• Policy Sciences and Economics Library (Annenberg Presidential Conference Center)
• Medical Sciences Library (West Campus)
• Joint Library Facility with The University of Texas System (Riverside Campus)

Library services include:

• **Electronic resources:** Faculty, staff and students can access more than 1 million electronic resources, including databases, e-books and e-journals, from campus or online.
Visit the libraries’ website to locate library holdings using the online catalog (library.tamu.edu).

- **Get it for me**: Request books, articles, theses, dissertations and other materials for free from Texas A&M System libraries and other libraries around the world.
  - **Interlibrary loan**: Request books, journal articles, documents, microforms, videos and scores that are not owned by Texas A&M libraries. Electronic delivery of articles is the default and is provided in most cases. Generally articles take 3–5 business days and in many cases within 24 hours; loans take 7–10 business days and in many cases less than a week.
  - **Document delivery**: Request electronic delivery of article-length copies from journals, books, microforms and other texts owned by Texas A&M libraries. Generally 3–5 business days; in many cases within 48 hours.
  - **Book retrieval**: Request books to be retrieved from the Texas A&M libraries’ book shelves and reserved at your library’s circulation desk for pick up. Generally up to 3 business days; in many cases within 24 hours.
  - **Faculty office delivery**: Any returnable items can be delivered to a faculty member’s campus mail stop if desired.
  - **Research consultations**: Subject librarians are available for in-depth research assistance and general orientations to the many services and resources the libraries have to offer. For more information, visit the libraries’ website (library.tamu.edu/services/research-support/subject-librarian-services.html)
  - **Library tours, orientations and course-based instruction**: The libraries provide general library orientations and course-specific instruction sessions tailored to the learning goals and requirements of research assignments. For more information, visit the libraries’ website (guides.library.tamu.edu/libraryinstruction).

**Undergraduate Studies**

Undergraduate Studies supports faculty and departments in incorporating high-impact educational practices into undergraduate courses and curricula. These high-impact practices include learning communities, service-learning or community-based learning projects, internships, first-year seminars, capstone courses and global learning experiences. Additionally, we assist in the development and delivery of writing-intensive and communication-intensive courses.

Undergraduate Studies supports attainment of the university’s undergraduate student learning outcomes. These outcomes, developed by the Texas A&M community and endorsed by the Faculty Senate in 2009, include:

- Master the depth of knowledge required for a degree
- Demonstrate critical thinking
- Communicate effectively
- Practice personal and social responsibility
- Demonstrate social, cultural and global competence
- Prepare to engage in lifelong learning
- Work collaboratively

We encourage faculty members to look for opportunities to become involved in measuring achievement of these outcomes at the program level.

Programs affiliated with Undergraduate Studies include the Academic Success Center, Transition Academic Programs, Honors and Undergraduate Research, Professional School Advising, the Public Policy Internship Program, the University Writing Center and the Center for Student Athlete Services.

For more information, contact:

**Undergraduate Studies**
Jack K. Williams Administration Building 112 • 1113 TAMU
(979) 845-3631 • us.tamu.edu

**University Writing Center**

The University Writing Center (UWC) supports and promotes writing and speaking instruction in all disciplines at Texas A&M University. Trained UWC consultants help graduate and undergraduate students enhance their written and oral communication skills; they promote active, independent learning through face-to-face and online consultations, online resources on writing and public speaking, and classroom workshops. Consultants guide students at any stage of the composing process, from brainstorming and planning to drafting, revising and editing, or they can provide feedback on oral performances.

The UWC offers faculty assistance with communication pedagogy (oral and written) and information about developing W (writing) or C (oral communication) courses. Contact the
UWC to arrange for individual consultations or workshops on topics related to oral or written communications.

Graduate Teaching/Directing Graduate Students

Teaching Graduate Courses

According to SACS guidelines, faculty teaching graduate and post-baccalaureate course work should have an earned doctorate or terminal degree in the teaching discipline or a related discipline. Other factors that may be considered include a master’s degree or at least 18 semester credit hours of graduate-level coursework in the same or closely related field; professional licensure or certification in a related field or profession, or significant professional, research or teaching experience in the same or closely related field. Faculty members meeting these credentialing requirements for graduate courses are automatically members of the Graduate Teaching Faculty.

The Office of the Dean of Faculties assumes responsibility for verifying the teaching qualifications for faculty. Colleges and departments oversee hiring of graduate assistants who serve as instructors-of-record for undergraduate courses. The guidelines for all instructional faculty, including graduate teaching assistants, who are instructors of record for graduate and undergraduate courses at Texas A&M University and its two branch campuses, Texas A&M University at Galveston and Texas A&M University at Qatar are available at:

http://dof.tamu.edu/sites/default/files/Faculty_Guidelines/Credentialing_Guidelines.pdf

In addition to meeting the credentialing requirements for teaching graduate courses, faculty teaching research courses such as 691 and other designated courses must also be members of the Graduate Committee Faculty.

Directing Graduate Students

Appointees to the Graduate Committee Faculty participate in the graduate degree programs of the University by serving on graduate student advisory committees.

Members of the Graduate Committee Faculty are selected from qualified individuals of the faculty and professional staff of Texas A&M University; from employees of Texas A&M University System agencies such as Texas A&M AgriLife Research, Texas A&M Forest Service, Texas A&M AgriLife Extension, TEES, TTI; from employees of affiliated research organizations (such as USDA) located near Texas A&M campus sites, and from affiliated hospitals and clinical organizations.

Nomination for membership on the Graduate Committee Faculty is always initiated by the head of the appropriate academic department, intercollegiate faculty, or dean of college (under special circumstances) of Texas A&M University and is processed through the Office of Graduate and Professional Studies. Appointment to membership on the Graduate Committee Faculty, although considered an honor, serves functional purposes. Appointment to membership is not for the purpose of conferring recognition upon an individual, but is designed to assure competence in the directing and advising of graduate students. Such competence is, in part, a function of experience and knowledge of operational procedures; it is also characterized by ability and motivation.

Membership on the Graduate Committee Faculty is maintained only by participating in graduate programs by directing or administering graduate work, by doing research and publishing, or by other direct and substantial contributions to the graduate programs of the University, such as by service on a Graduate Instruction Committee or by administrative assignments in graduate education. A member of the graduate committee faculty may not serve on the Graduate Committee Faculty of an academic program in which s/he is pursuing a graduate degree or certificate. Individuals who have not been appointed to the Graduate Committee Faculty may not serve on student advisory committees unless special approval is granted by the Associate Provost for Graduate and Professional Studies.

Accommodations for Students with Disabilities (Americans with Disabilities Act Guidelines)

The student is responsible for providing the instructor with a letter from an Access Coordinator showing that the student has registered with Disability Services and been approved for specific accommodations. Instructors then have the responsibility to work with the student and with Disability Services to provide reasonable accommodations. If a student who has not registered with Disability Services requests an accommodation from an instructor, the instructor should first refer the student to Disability Services.

The Department of Disability Services publishes an explanation of the rights and responsibilities of instructors as well as other helpful information on the Disability Services website (disability.tamu.edu/facultyguide).
Below are some guidelines to keep in mind.

**ADA Policy Statement**

The official ADA Policy Statement must be included on all syllabi.

**Confidentiality**

All records and requests pertaining to students with disabilities must remain confidential. A student’s disability or need for accommodation should not be discussed with other faculty, students or staff at any time unless the individual has a legitimate educational interest (that is essential to carrying out the individual’s job responsibilities).

**Accessible Course Materials**

Instructors are responsible for ensuring that all the course materials are available in accessible formats for students with disabilities. This may include, but is not limited to, making copies (or sharing electronic files) of presentation materials, helping students with access to lecture notes and allowing students to record lectures when needed. Course websites should meet web accessibility guidelines. In particular, all downloadable files should be in accessible formats and all videos should be captioned.

**Tests and Exams**

Some students with disabilities may need accommodations during exams such as additional time, a reduced distraction environment or access to special software. Instructors can arrange to provide these Disability Services-approved accommodations within the department or the students may schedule exams at the Disability Services Testing Administration Center. Students who use the Testing Administration Center must provide an exam schedule form that the instructor has signed and initialed to Disability Services. Disability Services uses an online web application to manage exam schedules and process exam changes. Disability Services will contact the instructor (or other designated department contact) to request exams. The exams are typically administered at the usual class time unless other arrangements are made. All exams are monitored by Disability Services staff. The student must show a picture ID and relinquish all communication devices before the exam is administered.

Arranging suitable accommodations involves shared responsibilities between the instructor and the student. If an instructor has a concern about the appropriateness of an accommodation or implementation, they should contact the student’s Access Coordinator to discuss.

For additional questions about student accommodation issues, please contact Disability Services or the Office of University Risk and Compliance:

**Disability Services**
Cain Hall B118 • 1224 TAMU
(979) 845-1637 • disability.tamu.edu

**University Risk & Compliance**
General Services Complex 2101 • 1280 TAMU
(979) 862-1061 • urc.tamu.edu

**Transportation Services**

**Parking**

Vehicles parked on campus are required to display a permit, except those parked in a designated visitor’s space. Parking is at a premium on campus and often available parking may not be immediately adjacent to a particular building or facility. An employee permit for an available area may be purchased by contacting the parking representative in their department or visiting transport.tamu.edu/account. Waiting lists are maintained for areas where parking is not immediately available. For more information about parking permits, or to view the parking rules and regulations, please visit (transport.tamu.edu/permit). Faculty may also get current information about parking, traffic and construction by subscribing to the RSS feed or following @aggieparking on Twitter.

**Shuttle Buses**

The university operates a transit system that services both on and off campus. All the bus services offered by Transportation Services are fare-free to the faculty, staff and students, with the exception of the charter service. The on-campus system serves the main and west campuses and is the most efficient mode of transportation for customers who want to move about the campus. The off-campus system serves the Bryan/College Station area. A Texas A&M University, Blinn College, or Brazos Transit District ID is required at all off-campus stops so always have it ready to show the driver when boarding.

Hours of operation for fall and spring semesters are 7 a.m. to midnight, Monday–Friday with limited service after 7 p.m. Weekend service is provided from 9 a.m. to 5 p.m., excluding holidays, home football game Saturdays and weekends when the university is officially closed.

Hours of operation for break and summer sessions are 7 a.m. to 6 p.m. Monday–Friday with no weekend service.

For leave times, maps and real-time bus locations, visit transport.tamu.edu/busroutes.

Subscribe to the RSS feed or follow @AggieSpiritBus on Twitter for updates and announcements.
Alternatives

Bicycles are a great way to get to, from, and around campus. Bike services include registration, bike share, summer bike storage and maintenance stations. For more information visit transport.tamu.edu/bicycles. There are also plenty of alternatives including carshare, rideshare, and break/weekend shuttles to major Texas cities. For more Alternative Transportation options visit transport.tamu.edu/alternative.

If you have questions on these or other related transportation issues, please contact:

Transportation Services
Koldus Building 108 • (979)862-PARK (7275)
transport.tamu.edu

International Partnership

Texas A&M has a strong commitment to facilitating international engagement of faculty by encouraging them to develop research grants and projects, apply for Fulbright and other international fellowships/scholarships, lead study abroad or global learning opportunities, and build linkages that enhance Texas A&M capabilities and reputation with leading organizations and universities around the world. These activities contribute to the global impacts of each faculty member, improve our student’s growth and development into global citizens and position Texas A&M as a global leader in higher education.

Texas A&M has a broad spectrum of international partnership services and resources that can assist faculty in these efforts. Each college has a designated member of the International Programs Committee, a reporting committee of the Faculty Senate that articulates concerns, reviews issues and considers opportunities in advisory capacity to the Office of the Provost.

While in many cases, Colleges initiate and manage these partnerships, centrally the Provost and Executive Vice President reporting units provide academic support services, assessment and access to resources as appropriate. Specific support and services include:

Global Learning Support Materials

Faculty who wish to infuse their curricula with learning outcomes that strengthen global competencies have a wide range of support services available through Global Program Support. For example, sample faculty projects are highlighted on the Global Program Support website along with explanations of the many existing types of high impact learning programs abroad and how to develop these. A variety of national publications and surveys focusing on global learning for students are also available. Finally, data about student learning from national standardized tests, numbers of students engaged abroad, university world rankings, and other data resources are also available online at globalsupport.tamu.edu for use with assessment or in grant development. Faculty who need specialized data sets or wish to discuss assessment of global learning may contact Dr. Suzanne Droleskey at sdroleskey@tamu.edu or 845-3099.

Study Abroad Programs

Faculty are encouraged to incorporate high impact international experiences for students into their teaching and research. The Study Abroad Programs Office can provide logistical support to faculty who wish to teach a course abroad or engage students in other international opportunities. The study abroad office can also assist faculty in who wish to engage students in international research or intern experiences abroad. Over 70 currently active agreements for International Service Providers can assist faculty in finding support in offering study abroad experiences in over 50 different countries. For more information, visit the Study Abroad Programs Office website (studyabroad.tamu.edu) or email Dr. Jane Flaherty, director, Study Abroad Programs Office at jflaherty@tamu.edu.

Engagement, Outreach and Partnership

Service and engagement is an important element to each faculty member’s impact in their discipline, the university and on higher education. Faculty service, in its many forms, is a hallmark of the nation’s land-grant universities, commissioned under the Morrill Acts of 1862 and 1890, and reflects the extension of knowledge from the university’s faculty to the academy and citizenry at large. Texas A&M has embraced this mandate since its beginning and excels at the endeavor in every discipline across the campus and in conjunction with our many partners, from discipline focused journals, national associations, local and global communities, Pre-K-14 schools, and the extension agencies in agriculture and engineering.

Faculty should work with colleagues in their department, college and university to identify professional and university service opportunities. Additionally, resources and support for community engagement, outreach and partnership can be found at ppo.tamu.edu.

Hosting Non J-1 Visa International Guests and Dignitaries

Hosting colleagues and visitors from international universities, organizations and partners for tours and briefings is a way to introduce Texas A&M, build on partnership discussions, complete negotiation of international agreements and highlight unique opportunities between parties. To ensure proper protocols and seek logistical support for these types of visits, the office of Public Partnership & Outreach through its team of Global Partnership Services is willing to assist. The experienced team can consult on appropriate flag, dignitary, academic and other protocols related to inclusion of university officials in these visits. Notifications of hosted international
visitors should be approved by department heads and deans, then forwarded to ppo@tamu.edu for support.

**International Partnership Agreements**

International agreements, such as Memorandum of Understanding or Memorandum of Agreement, can be important tools to building, developing, and maintaining strategic international partnerships and collaborations. These agreements can serve a broad variety of purposes, including facilitating undergraduate and graduate student exchange, collaborative research, international service provider arrangements or other types of partnership. These agreements are managed at the appropriate university, college, department or research center level, with cataloging and guidance provided by Public Partnership & Outreach - Global Partnership Services.

A database of current international agreements, as well as helpful hints and templates for agreements can be found at globalsupport.tamu.edu/Global-Partnerships/. Questions about current partnerships or developing new ones may be directed to:

**Public Partnership & Outreach - Global Partnership Services**

Rudder Tower 8th Floor • 3371 TAMU
(979) 845-3099 • globalsupport.tamu.edu/Global-Partnerships/

**Global Partnership Resources**

While faculty are encouraged to identify resources that enable effective partnerships, including locations and support for collaborative teaching, research and service, accreditation standards and notifications of these is required. Texas A&M has established a number of approved partnership resources for these efforts, including:

**Texas A&M University at Qatar**

Since opening in the fall of 2003, Texas A&M University at Qatar (TAMUQ) has offered Bachelor of Science degrees in chemical, electrical, mechanical and petroleum engineering. In fall 2011 a Master of Science (M.S.) and a Master of Engineering (M.Eng.) in chemical engineering were added. Texas A&M’s branch campus in Doha, Qatar, is part of Education City, which was developed by the Qatar Foundation for Education, Science and Community Development. The curricula offered at Texas A&M at Qatar is materially identical to that offered at the main campus in College Station. Courses are taught in English in a coeducational setting.

A remarkable innovation in engineering education, Texas A&M at Qatar connects one of the world’s top engineering programs with a region that has tremendous potential for growth. Depending on a faculty member’s discipline and the needs of TAMUQ, opportunities exist for faculty to teach in Qatar during the fall, spring and summer semesters. In addition, TAMU faculty are encouraged to pursue research collaboration opportunities with TAMUQ faculty on projects and Qatar-specific funding programs. To learn more about the Qatar branch campus, visit the Qatar home page (qatar.tamu.edu) or contact Dr. Hamid Parsaei, associate dean for academic affairs at Texas A&M at Qatar, at academicaffairs@qatar.tamu.edu.

**Soltis Center for Research and Education, Costa Rica**

The Soltis Center for Research and Education is located in San Juan de San Isidro de Peñas Blancas, about a 2 ½ hour drive northwest of San Jose, the capital city of Costa Rica. A donation from Bill Soltis ’55, the center provides dormitories, classrooms and computer labs, among other modern amenities, to support research, education and outreach activities. In order to receive this gift and manage operations in Costa Rica, Texas A&M manages a Costa Rican based holding company, the Texas A&M Casa Verde Corporation. While primary function will be the operations of Soltis Center this for profit entity can provide faculty additional services and access that may be beneficial to their teaching, research and service projects.

The facility is centered on the Bill and Wanda Soltis Academic Building, which includes a cafeteria and multipurpose room, laundry room, wet and dry labs, and three classrooms that are equipped with wireless Internet and video conferencing. Directly behind the academic building are eight dormitories that provide housing for up to 56 students and faculty at the edge of 250 acres of transitional rainforest, with both primary and secondary growth, that borders more than 110,000 acres of cloud forest that are part of the Bosque Eterno de los Ninos Reserve and the Zona Protectora Arenal-Monteverde. At the base of the property are carbon sequestration and ornamental farms mixed with pasture and local crops managed by residents of the unincorporated village of San Juan. The center is also within driving distance of the small towns San Isidro, La Tigra and Chachagua, the main tourist center of La Fortuna and the regional center Ciudad Quesada.

Faculty interested in developing a research program, a course at the facility or a field trip component to a class, should contact Dr. Eugenio Gonzalez, the center director, at egonzalez.soltis.center@tamu.edu or Dr. Chris Houser, global faculty ambassador, at chouser.tamu.edu. For additional information about the Soltis Center, visit the website (soltiscentercostarica.tamu.edu). For assistance in developing faculty-led study abroad programs, faculty also may contact Dr. Jane Flaherty at jflaherty@tamu.edu.

**Mexico Partnership Services**

Texas A&M has enjoyed a strong educational partnership with students, universities, consortia, communities and governmental agencies of Mexico for nearly 100 years, with the first documented collaboration being a tick elimination program sponsored by the Veterinary School in 1917.
Today, Texas A&M collaborations in Mexico are supported by the operation of a non-profit corporation representing Texas A&M University as a civil association that has been licensed to operate in Mexico since 1992. This entity allows Texas A&M faculty, administration, and Mexican entities access to a set of services which enables partnership in student and faculty international experiences, funded projects for research and engagement, contracting capabilities for program delivery and numerous logistical supports, known as Mexico Partnership Services.

Managed by a professional experienced staff, under Public Partnership & Outreach – Global Partnership Services, with office space, recognized consortia membership, and an administrative team member located full time in Mexico City, Mexico Partnership Services is an outstanding resource for faculty.

To leverage Mexico Partnership Services for your project or partnership contact:

**In the United States:**
Dr. Suzanne Droleskey • Executive Director Partnership & Outreach Effectiveness  
Public Partnership & Outreach  
sdroleskey@tamu.edu • ppo.tamu.edu

**In Mexico:**
Ms. Teresa Olvera • Administrative Coordinator  
Mexico Partnership Services  
tolvera@tamu.edu • mexico.tamu.edu

**Signature International Service Providers**

**ItalArt & Santa Chiara Study Center (Castiglion Fiorentino, Italy)**
Texas A&M has had a 32 year history of partnership with ItalArt, an Italian non-profit organization and their experienced staff led by Mrs. Sharon Jones, Executive Director for the facilitation of study abroad in the Tuscany region of Italy. Located in the medieval historic town of Castiglion Fiorentino, approximately 1 hour south of Florence, Italy, the center boasts classrooms, art studios, dormitories, dining hall, computer access and courtyard amenities that connect students to the history, culture and vitality of Italy. Full semester, short term and field trip programs can be accommodated by the partnership at preferred rates and scheduling. Each semester, faculty are invited to submit proposals to teach at the Santa Chiara Center. Faculty interested in submitting proposals, or wanting more information, can contact Study Abroad Program Office, Dr. Jane Flaherty (jflaherty@tamu.edu) or Dr. Elton Abbott, Global Faculty Ambassador for European Partnership at (eabbott@tamu.edu).

**Hacienda Santa Clara (San Miguel de Allende, Mexico)**
Texas A&M has established a partnership with proprietors, Pablo & Barbara Marvin and the Hacienda Santa Clara for the hosting of study abroad, research collaboration and partnership engagement in Mexico. Located just 20 minutes outside San Miguel de Allende, a cultural, historic and economic center of Mexico, the Hacienda Santa Clara boasts an array of amenities including dormitories, technology enabled classrooms, event space, dining hall, computer lab, conference center facilities as well as impressive on site collections of art, sculpture and history of Mexico. Full semester, short term and field trip programs can be accommodated by the partnership at preferred rates and scheduling. Faculty interested in considering study abroad opportunities should contact Study Abroad Program Office, Dr. Jane Flaherty (jflaherty@tamu.edu), interested in research or engagement collaborations should contact, Public Partnership & Outreach- Global Partnership Services at ppo@tamu.edu.

**International Research Engagement**

Many faculty members engage in international research grants and projects. For additional information, contact the Division of Research (vpr.tamu.edu) or your department head.

**TAMU-CONACYT Collaborative Research Grant Program**
Texas A&M University has partnered with Mexico’s national science foundation agency Consejo Nacional de Ciencia y Tecnología (CONACYT) to encourage collaborative research projects. The Division of Research and CONACYT issue annual calls for proposals prepared by Mexican and Texas A&M researchers. The funding provides seed funds for projects that lead to extramurally funded research projects supported by United States, Mexican or other international funding sources. For additional information, contact Research Development Services (conacyt.tamu.edu).

**Texas A&M University - CAPES Collaborative Research Program**
Texas A&M is working closely with Coordenação de Aperfeiçoamento de Pessoal de Nível Superior (CAPES), to establish a collaborative research program between researchers in Brazil and Texas A&M. The collaborative research program involves joint funding for pilot research projects that are intended to lead to extramurally funded research projects in Brazil and the United States. The program is open to tenured or tenure-track faculty in colleges that have agreed to co-fund the seed grants to Texas A&M faculty. For additional information, contact Research Development Services (vpr.tamu.edu/capes).
