5.1 Evaluation Criteria for Rolling/Rolling Track Faculty

Faculty members should be evaluated for promotion and rolling on accomplishments in each of their areas of faculty performance (teaching, research/scholarly activity, and service), with primary emphasis on the quality, significance, and impact of their work. For promotion and/or rolling, in addition to meritorious accomplishments, a high potential for continued excellence is required. Rolling appointment is given for 3 years to Associate Professors and for 5 years to Professors. Documentation of excellence is best provided by peer review. The criteria for the unit for each rank listed below corresponds to the college on the College Station campus. Please see those guidelines.
